

SHALINI KUMARESAN

Salem, Tamilnadu. | P:8438549797 | shalinibtechad2025@gmail.com | linkedin.com/in/shalini-kumaresan-a0b636255/

EXPERIENCE

IBM SKILLBUILD CSRBOX

AI INTERN

July 2024 - Aug 2024

- Conceived and executed innovative chatbot projects that enhanced customer engagement by 3D Developed and fine-tuned supervised learning models for predictive analysis.

FOX THREE TECHNOLOGIES

DATA SCIENCE INTERN

July 2023 - July 2023

- Analyzed large datasets, built machine learning models, and optimized them through data preprocessing and hyper Parameter tuning, achieving improved accuracy and efficiency.
- Developed interactive dashboards using visualization tools, transforming complex datasets into easily understandable stories; reduced time spent on report creation.

ARTIFINTEL SKILLVERTEX

DATA SCIENCE INTERN

Feb 2023 – Mar 2023

- Analyzed large datasets, built machine learning models, and optimized them through data preprocessing and Hyper Parameter Tuning, achieving improved accuracy and efficiency.
- Analyzed and performed various minor & major projects based on data science domain.

PROJECTS

DATA SCIENCE USING PYTHON

- LOAN PRICE PREDICTION & WINE QUALITY PREDICTION
 - ✓ Split The Data Into Testing And Validation Part Then Select Which Models Performance Is Best As Per The Use Case.
 - ✓ Then Train On The State Of Art Machine Learning Models And Select The Best One Among Them Using Validation Data.

FULLSTACK WEB DEVELOPMENT USING PYTHON & DJANGO

- BUS RESERVATION SYSTEM USING DJANGO PYTHON
 - ✓ Designing An Webpage For Reserving Bus Tickets Online Using Django Python.
 - ✓ Developing A Frontend And Backend For Creating A Webpage. Using Html , Css , Python, Javascript And Backend Tools.
- PORTFOLIO CREATION USING FULLSTACK WEB DEVELOPMENT
 - ✓ Designing an webpage portfolio using full stack web development.
 - ✓ Developing a frontend for creating a web based portfolio. Using HTML , CSS , PYTHON ,JAVASCRIPT.

MACHINE LEARNING USING PYTHON

- HOUSE PRICE PREDICTION USING MACHINE LEARNING
 - ✓ Designing an webpage portfolio using full stack web development.
 - ✓ Developing a frontend for creating a web based portfolio. Using HTML , CSS , PYTHON ,JAVASCRIPT.

EDUCATION

PAAVAI COLLEGE OF ENGINEERING

SEPT 2021-AUG 2025

Bachelor of Technology, Artificial Intelligence & Data Science; Cumulative CGPA: 8.6/10

MUNICIPAL GIRLS HIGHER SECONDARY SCHOOL

MAR 2018- MAY 2021

Secondary & Higher Secondary, Maths Biology ; Cumulative Score In percentage : 83/100 & 86/100.

ADDITIONAL

Technical: SQL, Python, HTML, CSS, JavaScript, Data Science , DSA.

Certifications & Training: Artificial Intelligence, Data Science, Machine Learning, Full Stack Web Development.
